However, in this rule they finalized increasing the penalty from 2% to 4% in CY 2017 only for groups with 10 or more eligible professionals.. In addition, all 2015 PQRS individual measures collected via registry, EHR or claims will be made available for public reporting on Physician Compare in late 2016 if technically feasible.. For EPs reporting via registry, CMS is maintaining that for 2017 PQRS payment adjustment (based on the 2015 reporting year), EPs can report on one measures group via registry and report the measures for 20 patients.. EHR Meaningful Use CMS proposes that beginning in CY2015, EPs would not have to ensure that their CEHRT products are recertified to the most recent version of the electronic specifications for the CQMs.. CMS noted that they will use CY 2016 as a transition year, and beginning with valuations for CY 2017, the new process will be applicable to all codes.
